My First 90 Days

Level 6 · Strategic Goals and Planning

Name _____ Date _____

A goal for the year can feel distant. A goal for the next 30 days feels real, and a first action for this week feels possible. In this exercise you will break your goal into three 30-day milestones, then decide on the very first step.

You do not need to see the whole staircase. You only need to take the first step.

How you will celebrate reaching day 90

Rewarding progress tells your brain that this matters.

You do not need to see the whole staircase. You only need to take the first step.
